

When you think of the Finger Lakes of New York, our deep roots in winemaking likely come to mind. But, the agricultural heritage of this region goes well beyond the vine.

From farm to table and market to stand, the Finger Lakes accommodates a wide array of agritourism interests. Home to one of the largest farmers markets in the state and some of the most scenic drives anywhere, Finger Lakes Farm Country is fertile ground for exploration

"The Finger Lakes are exceptional year around ... Whether you want to take part in the harvest at a U-Pick orchard, do a little shopping, or take a hike along one of the many nature trails in the area there is something for everyone here"

*~ Jennifer Morrissey,
Home in the Finger Lakes*
